

P/N 54-30392/75-30392

'03-'06 Ford F250/350 Power Stroke "Open View" Air Intake System

**Max Gain of 9 HP @ 1600 RPM
& 39 Ft-lbs of Torque @ 1600 RPM**

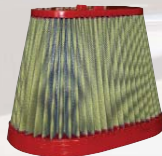

3/4" heavy duty rubber trim seals to hood for cold air induction while giving easy access to air filter for servicing.

Properly positioned MAF sensor pad for factory sensor insures no CEL (Check Engine Light).

No Cutting or Drilling! Durable 16 gauge powder-coated steel housing uses factory mounting points for easy installation

Large washable/reusable high flow conical air filter increases airflow and improves performance.

Fully enclosed air filter & intake systems also available!
